Mr. D. E. Seibel, Secty.
Milwaukee Radio Amateur Club, Inc.
914 Center St.
Milwaukee, Wisc.

Dear Mr. Seibel:

I am sending to you under separate cover ten copies of the January, 1928, issue of QST.

Our purpose in doing this is to ask you to help us increase the number of League members amongst your club members. Your co-operation in distributing these copies at your next meeting will be greatly appreciated.

It is our belief that the January issue will be a most fitting one for you to hand to prospective League members because of the story of the International Radio-telegraph Conference - an interesting story telling of the League's work in establishing recognition of the radio amateur under the new order of things as brought about by this Conference.

Of course we need the support of everyone interested in amateur radio, especially the members of our affiliated clubs, and one's support is surely manifested by active League membership.

If ten or more members of any affiliated club will send us their applications for League membership at the same time, we grant a special rate of \$2.00 per membership - a saving of 50¢ on each one. This applies to either new entries or renewals. Twelve application blanks are herewith enclosed.

Won't you personally solicit your club membership?
Thank you.

Sincerely yours,

David Houghton

Circulation Manager, QST

David Houghton-C

P.S: Possibly you can help us dispose of some "Handbooks." Individual orders, \$1.00 per copy. If ordered in quantities of ten or more at one time will be glad to grant your affiliated club special rate of 67¢ per copy. What say?
